

Tennis net

At the latest play area inspection I noted that the winding handle for the nets is missing and that the net itself is damaged so I have looked for costs to repair/replace as follows –

Edwards

<https://www.edwardssports.co.uk/brass-winder-handle-new-style-bxdc-win-han.html> for winding handles

<https://www.edwardssports.co.uk/tennis/tennis-nets/vinyl-coated-polyester-headband-tennis-nets.html> for nets

Huck nets

https://www.huck-net.co.uk/sports/tennis_15480/ for nets

Networld sports

<https://www.networldsports.co.uk/tennis/tennis-nets/vermont-3-5mm-championship-dt-tennis-net-42ft-doubles-double-loop-wimbledon.html> for nets

<https://www.networldsports.co.uk/tennis/tennis-posts/winder-handle-only-range-of-small-large-square-round-sizes.html> for the handle

If you could decide if you wish repairs to be undertaken and which company you would like me to approach please?
